

Think inside the box.

Since 1986, we've served the corrugated box, glass container and plastic container industries with PADS, PARTITIONS, and DIE CUTS at competitive prices, and with unsurpassed service. For your convenience, we also offer ASSEMBLED PARTITIONS.

Kenneth J. Garcia
President

**North America's most dedicated supplier
of corrugated and solid fiber interior packaging.**

Great American Paper is your trusted source for innovative, interior packaging. We offer competitively priced pads, partitions, assembled partitions, and other die-cuts while providing unparalleled quality and service.

Capacity

We produce an array of corrugated and solid fiber pads and partitions, both assembled and unassembled. An industry exclusive, our multi-blade line, can cut multiple slots closer together in just one pass, so we are filling hard-to-manufacture partition orders more efficiently than our competitors.

Responsiveness

Our South Carolina facility serves the eastern U.S. and Canada. Our Juarez facility meets the needs of customers, not only in Mexico, but in the western United States as well. Covering most of North America from these two locations, we turn around many orders in 72 hours or better.

Quality

It's a fact; we lead the industry in customer satisfaction. That's because we source our materials from only the top suppliers, and employ the most advanced manufacturing technologies available. We've also implemented a quality control system that ensures quality every step of the way.

Assembled Partitions

With our automated equipment and fully staffed hand-assembly department, we take on the assembled partition jobs that most others pass on. By relying on us, you eliminated the hassles and costs of a fluctuating workforce for what's often only an occasional job in your plant.

Price

We've not only built two, highly efficient and strategically placed facilities, we've also built long-term relationships with leading materials suppliers to get advantageous pricing. As a result, our costs are consistently among the lowest in the business.

Service

Within the industry, we've earned an enviable reputation for unmatched service in delivering quotes, filling orders and meeting special requests. In fact, we invite you to put us to the test....

Call us now at **800-524-6484** with a rough idea, complete specifications or a competitive quote in hand. For reasons of quality, price, and service, you'll be glad you thought inside the box and looked to **Great American Paper**.
